BE CAREFUL OF

This phrase is typically used to warn someone about potential dangers, risks, or threats associated with a particular thing or situation. It implies a sense of caution or vigilance regarding external factors that could cause harm or negative consequences.

- Be careful of the slippery floor.
- Be careful of pickpockets in crowded areas.
- Be careful of high winds when you're driving.

BE CAREFUL WITH

This phrase is usually used to advise someone to handle or use something with caution or care in order to avoid damage, breakage, or mishaps. It suggests being mindful and attentive when dealing with a specific object or task.

- Be careful with that fragile vase; it's very delicate.
- Be careful with the knife; it's sharp.
- Be careful with your words; you don't want to hurt anyone's feelings.
